COURSE SYLLABUS

# Adobe InDesign Bootcamp (Self-Paced)

Master professional page layout design in Adobe InDesign on your own schedule. In this self-paced course, you will learn how to style text, import graphics, package files, and apply advanced techniques such as styles, parent pages, and more. Create projects including books, magazines, brochures, and other professional layouts.

> Group classes (Live Online) and onsite training are available for this course. For more information, email onsite@graduateschool.edu or visit: https://www.graduateschool.edu/courses/adobe-indesign-bootcamp-self-paced
