

# After Effects Bootcamp

Master motion graphics and visual effects as you dive into Adobe After Effects. You'll work hands-on with animation, keyframing, masking, and compositing while building projects like title sequences and animated infographics. By the end, you'll be able to create polished video content for a variety of digital platforms.

Group classes in Live Online and onsite training is available for this course. For more information, email [onsite@graduateschool.edu](mailto:onsite@graduateschool.edu) or visit: <https://www.graduateschool.edu/courses/after-effects>
