Attend the AI for Government Writing & Briefings class for free as part of this certificate. Choose your date after you register for the program.

AI for Government Writing & Briefings (Self-Paced)

Writing Essentials Course

Build core writing skills for government and public-sector work with a focus on purpose, audience, structure, and plain language. Learn a practical process to plan, draft, revise, and edit documents so they are clear, concise, and easy to act on.

- Apply the four-step writing process: plan, draft, revise, edit.
- Analyze audience and purpose to set the right tone and level of detail.
- Organize content with clear openings, logical middles, and actionable closings.
- Use Federal Plain Language guidelines to cut jargon and improve readability.
- Spot and correct common grammar, punctuation, and style errors.
- Edit for brevity, flow, and scannability with headings, lists, and strong verbs.

Effective Government Correspondence Course

This two-day course equips federal professionals with techniques to plan and produce effective written communication, including letters, emails, and briefing memos, using plain-language principles and DoD-aligned style guidelines.

- Evaluate documents for compliance with the Plain Writing Act of 2010.
- Analyze the purpose, audience, and intent of correspondence tasks in a modern government setting.

- Apply a flexible, systematic writing process to produce effective correspondence.
- Draft correspondence using templates, model documents, notes, outlines, and mind maps.
- Revise documents for clarity, readability, tone, and audience appropriateness.
- Identify and correct errors and weaknesses in correspondence, including email.
- Differentiate between paper-based and email correspondence and choose the appropriate format.
- Proofread, finalize, and release correspondence that is accurate, polished, and ready for use.

Clear Expression through Critical Thought Course

- Use the seven traits and the writing process to improve written expression.
- Describe the process of critical thinking.
- Apply critical thinking in writing. Implement strategies for appealing to the reader.
- Identify opportunities to use logic in writing.
- Apply logic in creating persuasive arguments.
- Think critically to analyze problems.
- Create solutions to problems using a structured process

Grammar and Editing Essentials Course

Learn to write and edit with accuracy and clarity through a structured approach to essential grammar, usage, and proofreading. This three-day course emphasizes correct sentence construction, punctuation, spelling, plain-language guidelines, and a repeatable editing process.

- Practice creating clear, correct sentences aligned with Plain Language principles.
- Review core grammar rules, including verb agreement, pronoun usage, and hidden verbs.
- Apply punctuation, capitalization, and spelling conventions accurately.
- Use a consistent editing workflow with proven tools and checklists.
- Identify and use authoritative writing resources and style guides.
