COURSE SYLLABUS

Digital Forensics and Incident Investigation for Federal Employees Course (Self-Paced)

Learn to conduct defensible digital forensics and incident investigations using the NIST SP 800-86 forensic process—Collection, Examination, Analysis, and Reporting. You'll master IOC investigation, chain of custody, and the federal legal and oversight framework, then put it all together in a full capstone investigation.

Group classes (Live Online) and onsite training are available for this course. For more information, email onsite@graduateschool.edu or visit: https://www.graduateschool.edu/courses/digital-forensics-incident-investigation-federal-employees-self-paced
