COURSE SYLLABUS

Front-End Tools & Portfolio Course (Self-Paced)

Learn how to turn webpage designs into working code while tracking changes and collaborating with other developers using Git and GitHub. Improve your coding speed with Emmet and Visual Studio Code, and build portfolio-ready projects through hands-on practice guided by an experienced instructor.

> Group classes (Live Online) and onsite training are available for this course. For more information, email onsite@graduateschool.edu or visit: https://www.graduateschool.edu/courses/front-end-tools-portfolio-self-paced
