

PowerPoint Level II

In this advanced PowerPoint class, you'll learn how to create reusable PowerPoint themes and templates to control the design of entire presentations using the Slide Master. Add excitement to your presentations with animations, gain greater control over charts and tables, and much more.

Group classes in Live Online and onsite training is available for this course. For more information, email onsite@graduateschool.edu or visit: <https://www.graduateschool.edu/courses/powerpoint-advanced>
